I'm a passionate Full Stack Web Developer based in Ethiopia, dedicated to creating high-quality, pixel-perfect, and responsive websites that adhere to the latest web standards. With several years of professional experience, I excel at interpreting blueprints, collaborating with teams, and meeting deadlines. Detail-oriented and quick to learn new technologies, I'm self-motivated with strong organizational skills. I continuously seek to enhance my skills and improve my work, ensuring every project delivers an exceptional user experience.

Mind luster front end and website development & design 2023 December
